

TMR c50

Get the functionality you want
with the convenience you need

- **Simple day-to-day sending**
- **Faster mail run processing**
- **Space saving all-in-one design**
- **Colour touchscreen operation**
- **Quiet desktop performance**

Improve efficiency and spend

The TMR c50 is the simplest all-in-one franking technology for office mailing. Our complete sending solution makes it easy to process mail, all from your desktop.

You can easily choose the right class or service to get your items delivered — all at the best price for your needs.

Daily tasks are easy for anyone in the office via the user-friendly, Android powered touchscreen interface. Plus, get the support you need right away with integrated, support articles and self-help videos.

- Save time with faster mail run processing and no post office trips.
- Automatically save on postage versus Royal Mail stamps by franking directly from the TMR c50.
- Track spend in real time through the machine's touchscreen or online.
- Gain flexibility by enabling multiple departments to mail.

Rethink the way you mail
with the new generation
of sending solutions

Authorised
independent inspector and
maintainer of franking machines

We go **Beyond Mailing**

Mail Management | Mailing Equipment | Postal Discount | Complete Support
